

## **Video Projects for the media team (ONGOING) 9-10-11**

Convert all formats to .wmv or .avi

---

1. Buffer videos (for in between experiences)
2. Baptism videos
3. Testimony videos
4. Kids media prep. And training volunteers.
5. Countdown clocks
6. New believer help
7. Download Christian rock music videos (itunes)
8. Mix and edit music live videos from Sunday
9. New life group video
10. Announcement videos
11. Offering video
12. Communion video
13. Glow stick video for baptisms

### **General ideas / plans**

1. Always use multiple input on the creative process. 3 people
2. Leave time for final editing before Sunday. Don't finalize without Pastors approval.
3. Use the best quality, high res. possible. The days of cutting corners (and settling for mediocre) are behind us!
4. Keep project on time and meet deadlines. We always have more to do.
5. Plan ahead with props, and budget for expenses.
6. Always search for creative music and sound effects to keep on file.
